Education

GL Bajaj Institute of Technology and Management <i>B.Tech Information Technology - 8.13</i>	2023 – 2027
Senior Secondary School - XIIth <i>Central Board of Secondary Education - 88.6%</i>	2022 – 2023
Secondary School - Xth <i>Central Board of Secondary Education - 87.8%</i>	2020 – 2021

Experience

Limetta | Full-Stack Developer | Jul 2026 – Present

- Developed a full-stack MERN e-commerce platform for premium interior décor products.
- Built customer and admin portals with JWT-based authentication and role-based access control.
- Developed RESTful APIs for products, categories, cart, wishlist, orders, and user management using Node.js, Express.js, and MongoDB.
- Implemented an admin dashboard for product, inventory and order management with dynamic order status tracking.
- Integrated MongoDB Atlas with the React frontend using secure REST APIs.

Projects

Craftly <https://github.com/chestasolanki/Craftly> 🔗

- Developed an AI-powered website generation platform that transforms natural language prompts into fully functional websites using the Llama 3.3 70B Large Language Model via the Groq API. Implemented prompt engineering, real-time LLM response streaming with Server-Sent Events (SSE), automated code generation, file creation, and live preview deployment to enable an end-to-end AI-driven website generation workflow.
- Tools Used: Groq API, Llama 3.3 70B, Prompt Engineering, Node.js, Express.js, REST APIs, Server-Sent Events (SSE), HTML, CSS, JavaScript.

PrepAI – AI Interview Preparation Platform <https://github.com/chestasolanki/PrepAI> 🔗

- Built a full-stack AI interview preparation platform using React.js, Node.js, Express.js, and MySQL with authentication, analytics dashboards, and company-wise preparation tracking. Developed RESTful APIs for user management, interview workflows, and performance tracking. Implemented secure backend architecture and optimized database operations for scalable and efficient performance.
- Tools Used: React.js, Node.js, Express.js, MySQL, REST APIs, Tailwind CSS.

Skills

Programming Languages: C++, JavaScript, Python

Core CS: Data Structures & Algorithms, DBMS, Operating Systems, OOP

Frontend: React.js, Tailwind CSS, HTML5, CSS3

Full Stack Development: Node.js, Express.js, REST APIs

AI/ML: Scikit-learn, PyTorch, NumPy, Pandas, LLMs, LangChain, RAG, Prompt Engineering

Databases: MySQL, MongoDB, Pinecone, ChromaDB

Developer Tools: Git, GitHub, Postman, Linux

Certifications

- **AWS** – Machine Learning Foundations
- **Palo Alto** – Cloud Security Automation, Network Security, Operations and Configurations
- **Red Hat** – Red Hat System Administration

Additional

- Earned the LeetCode 100 Days Coding Badge by maintaining consistent coding practice.
- Solved 250+ LeetCode questions.
- Participated in multiple hackathons, including SIH, and served as Management Lead of the department's club.
